

Common Commands (The "Flatseal Manual Way")

If you want to manage permissions via terminal since your Flatseal is crashing:

Goal	Command
Give access to Home	flatpak override [APP_ID] -- filesystem=home
Give access to all files	flatpak override [APP_ID] -- filesystem=host
Give access to a drive	flatpak override [APP_ID] -- filesystem=/mnt/al_drive
See current overrides	flatpak override show [APP_ID]
Reset to defaults	flatpak override reset [APP_ID]
